S.N.	Labs	Date	Signature
1.	Implementation of Bubble , Selection and Insertion Sort :		
2.	Implementation of Merge Sort :		
3.	Implementation of Quick Sort :		
4.	Implementation of Randomized Quick Sort		
5.	Implementation of 0/1 Knapsack problem using Dynamic approach		
6.	Implementation Of Matrix chain Multiplication Problem		
7.	Implementation of String Editing		
8.	Program for Floyd Warshall Algorithm		
9.	Program for Dijkstra's single source shortest path		
10.	Program to solve fractional Knapsack Problem		
11.	Program to solve N Queen Problem using backtracking		
12.	Kruskal's algorithm to find Minimum Spanning Tree of a given connected, undirected graph		
13.	Program for Prim's Minimum		
14.	Implementation of Subset sum problem		
15.	Implementation of job sequence in deadlines
